Career Objective

seeking an internship opportunity in Android application development. Experienced with Android Studio and Kotlin programming, with a strong interest in mobile technologies. Eager to expand my knowledge and contribute to real-world Android projects while gaining practical development experience.

Education

Bachelor of Science in Computer Science
Faculty of Science, King Mongkut's Institute of Technology Ladkrabang
2023 – Present
Expected Graduation: 2028

Experience

Android App Mini Project – AI Quote Generator

- Developed an Android application that generates cool phrases using AI.
- Implemented the application using Android Studio and Kotlin.
- Integrated Gemini API to generate dynamic text content within the app.
- Designed and implemented the frontend user interface using XML.
