

AMONNUT SALAIKAEW

Database Administrator

📍 Bangkok Thailand 📞 092-371-5533 ✉ amonnut286@gmail.com

EDUCATION

Kasetsart University

Aug 2022 - Present

Bachelor of Science in Computer Science, GPA: 3.05

- **Relevant courses:** Data Visualization, Cloud Computing Concepts and Services, Business Data Dimension and Report Management, Computer Control and Audit

WORK EXPERIENCE

Silicon Craft Technology PLC

May 2025 - Oct 2025

Data Analysis Intern

Business Forecast Dashboards & ETL Pipeline

- Developed ETL pipelines using **Power Query** to automate data cleansing from Excel into unified datasets.
- Designed **Power BI** dashboards for tracking Revenue, Profit, and GPM, replacing manual Pivot Tables and accelerating weekly management reviews.

BiZ Forecast & Management System

- Developed a Full-Stack web app using **Svelte**, **TypeScript**, and **Node.js** for centralized business data management.
- Integrated **CRUD** functions and **RBAC** (Role-Based Access Control) to manage Products, Projects, Scenarios, Devices and Customers.
- **Connected Backend APIs to provide real-time dashboards**, utilizing **Chart.js** for interactive Business and Operation monitoring.

PROJECTS

Chainarong Furniture E-commerce website

Jul 2024 - Oct 2024

- Designed and developed the entire database.
- Implemented CRUD operations for the database tables.
- Designed UX/UI.
- Designed the Data Flow Diagram

WeMove Data Report

Feb 2024 - Mar 2024

- Participated in group project in Fundamentals of Database Systems subject by gathered data from logistics service company(WeMove) , analyzed it and converted data into a database format.

Automatic Bill-of-Quantity Generation from Building Blueprints using a LLM

Dec 2025 - Present

- Utilized Gemini LLM Vision API to automate the extraction of comprehensive material lists from architectural PDF blueprints, eliminating manual data entry.
- Developed a multi-supplier price comparison engine and automated quantity calculation functions to optimize procurement costs.
- Architected the relational database schema to manage extracted material data and multi-vendor pricing catalogs, enabling seamless real-time calculations.

SKILLS

- **Programming:** Python, Typescript, SQL, JavaScript, HTML/CSS
- **Databases:** PostgreSQL, MySQL
- **Visualization:** Power BI, Tableau
- **Frameworks/Libraries:** Svelte, Node.js, Chart.js, React, Next.js
- **Tools:** Git, Postman, n8n, Salesforce, Figma
